NEW GIGABIT ETHERNET PORT

Features 4K HDMI (60Hz), USB-C PD charging (up to 60W), two USB-A 3.0 ports, micro/SD card readers, now with a Gigabit Ethernet port for a stable network connection - ideal for working in spotty Wi-Fi areas or hotel rooms.

STUNNING 4K HDMI DISPLAY

Enjoy crisp, high-resolution display on any HDMI-enabled monitor. Simply connect a HDMI cable (2.0 or higher) from your monitor to adapter, for brilliant video output up to 4K @ 60Hz. Requires a direct HDMI to HDMI connection.

POWER & PERIPHERALS

Equipped with a USB-C PD charging port to keep your setup powered – up to 60W. Includes two USB-A ports and micro/SD card readers to transfer and backup files wherever you go.

SLEEK, ULTRA-COMPACT DESIGN

Its modern design and slim form factor make it ideal to take with you on-the-go – without sacrificing your access to peripherals. Available in three sleek color options to complement an array of Type-C devices.

**Beautiful, pleasing to the eye and highly functional!**

I needed to find a usb-c multi adapter that matched the elegance and high quality workmanship of my Macbook Air M1.

The adapter matches many needs, for example has several dedicated usb-c ports for connecting to external 4K monitors or power supply. Two USB 3.0 ports for connecting external hard drives and sticks. Finally, a LAN if you ev...[Read More](#)

**Love it!**

Love the Satechi products, and have a few. This USB-C Slim Port is great because it is slim and will be easier to travel with. Have not had any issue with any of their products. Works well with my Macbook Pro.
