*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV.	
MEDIUM COPY (PRODUCT ANNOUNCEMENT)	
Complement your colorful new iPad Pro® with the Targus® VersaVu® Clear Case for iPad Pro® 11-inch (M4) – a case designed for protection and versatile viewing. Featuring a shock-absorbent tray with wrap-around bezel and reinforced corners, plus a protective folio cover to safeguard the screen, the case delivers military-grade drop protection (up to 4 feet/1.2 meters)* in its sleek design. The VersaVu's patented 360° rotation creates virtually any positioning option and transitions smoothly between portrait and landscape to customize your view. Deep grooves anchor the edge to ensure stability, and precision cutouts give you easy access to all your buttons, ports, and camera lenses. Enjoy added ease and convenience with the integrated holder for your	

Apple Pencil®, keeping it ready to go or your stylus close at hand (Pencil sold separately by Apple®). And thanks to its structural design, this case also has audio-boosting scoops, so you'll have premium sound whether you're taking a call, in a meeting, or streaming your favorite program.

*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV.

ADDITIONAL/A+ CONTENT

Military Grade Drop Protection

Minor drops and bumps are no problem for this durable case. In fact, the case passes rigorous MIL-STD 810G testing* to ensure it can protect your iPad Pro® from drops up to 4 feet (or 1.2 meters).

Clear Coverage

No need to hide that colorful iPad Pro® behind the case to fully protect it. Its back cover is made with a clear, shock-absorbent TPU, so you can show off the color of your tablet while keeping it wrapped in protection. Not only protective, but functional, its precision cutouts allow access to all ports and buttons and ensures the camera is accessible for photos or videos without removing it from the case.

Easy Portrait and Landscape Viewing

The patented, 360° rotating tray design makes for a smooth and easy shift from portrait to landscape mode. Plus, you can unfold the cover to serve as a stand, so your video conferences and FaceTime® calls are in the most comfortable viewing position.

*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV.
