MEDIUM COPY (PRODUCT ANNOUNCEMENT)	
Wrap your iPad Pro® 11-inch (M4) in strong, military grade drop protection. Engineered for durability without adding weight, the Targus® Click-In™ Rotating Case features a custom-molded tray that delivers all-around protection and rotates 360° to switch easily between portrait and landscape viewing. The tray is structurally designed to redirect sound for enhanced audio. Plus, precision cutouts give full access to controls, ports, and cameras. Enjoy added efficiency with an integrated loop for your Apple Pencil® or stylus. The structured cover is engineered to protect, while a non-slip interior makes it easy to adjust your device into infinite viewing angles or a comfortable typing position. Altogether, it's a superior choice for protecting your tablet.

Military Grade Drop Protection

Minor drops and bumps are no problem for this sturdy, structured case. In fact, the Click-In™ passes rigorous MIL-STD 810G testing* to ensure it can protect your iPad Pro® from drops up to 4 ft. when secured with the elastic band.

Easy Portrait and Landscape Viewing

The patented tray design rotates 360°, so it's easy to switch from portrait to landscape modes and back again, and use the stand function in either mode.

Full Access, Full Functionality

A full-coverage tray with reinforced corners allows access to all ports, buttons, and controls. Precision cutouts ensure the camera is accessible for photos or videos without removing your tablet from the case.

Swipe or Type with Ease

The textured, non-slip interior lets you position your iPad Pro® in a nearly infinite range of reading or viewing angles for watching videos or interacting with your screen, or flip the cover back for a comfortable typing angle.
