HF8 PRO

HAPTIC GAMING PAD

The Next Level Racing HF8 Pro Haptic Gaming Pad is the ultimate upgrade for immersive sim racing and flight simulation enthusiasts. Building on the success of the original HF8, the HF8 Pro delivers unparalleled haptic feedback with twice the power of its predecessor. Designed for universal compatibility with racing, flight seats, and gaming chairs, the HF8 Pro redefines comfort, performance, and immersion, ensuring you feel every twist, turn, and throttle in your favorite games.

COMPATIBLE PRODUCTS

- Next Level Racing® Racing Cockpits
- Next Level Racing® Flight Cockpits
- Next Level Racing® Seats

Twice the Power for Intense Feedback – Experience unmatched immersion with high-torque motors delivering powerful, realistic vibrations

8 Individual Haptic Vibration Motors – Feel every movement in your sim racing and flight games, with targeted vibrations across multiple zones

Breathable SIMAERO Mesh Fabric – Enhanced comfort with a breathable, non-slip fabric that keeps you cool and secure during intense gaming

High-Density Molded Foam for Long-Lasting Comfort – Specially designed foam offers enduring support and seamless immersion

Universal Compatibility with Racing and Flight Seats – Engineered to fit all sim racing and flight seats for an easy, seamless setup

Plug & Play with HFS Software – Jump straight into the action with included software that supports a wide range of games
