1. Data comes from the HONOR Lab. The thickness of the tablet does not include the bulging section of the camera. The actual size and weight may vary depending on configurations, manufacturing processes, and measuring methods.

2. Data comes from the HONOR Lab. Total weight includes battery. Actual weight may vary due to product configurations, manufacturing processes, and measuring methods.

3. Color availability may vary by region.

4. The HONOR Pad X8b has received the SGS Gold Standard Five-Star Overall Device Drop and Shock Resistance Certification, as well as Compression Resistance Certification, complying with SGS's reliability technical specifications. As a precision electronic product, the tablet may still be damaged if dropped; please handle with care to avoid drops and impacts.

5. Data comes from the HONOR Lab. With a rounded corners design on the display, the diagonal length of the screen is 11 inches when measured according to the standard rectangle. The actual viewable area is slightly smaller.

6. Data comes from the HONOR Lab. The screen-to-body ratio data is measured based on the size of the screen's visible area to the screen size. Please refer to the actual product.

7. The screen has obtained TÜV Rheinland low blue light and flicker free certifications. This product is not medical equipment and is not available for treatment.

8. The screen supports a maximum refresh rate of 90Hz. The actual refresh rate may vary slightly under different app interfaces. Please refer to the actual experience.

9. The resolution is measured as a standard rectangle; thus, the effective pixels are slightly less.

10. Data comes from the HONOR Lab. The color gamut parameter and peak brightness is the typical value.

11. Snapdragon is a trademark of Qualcomm Incorporated, registered in the United States and other countries.

12. The device is available in 64GB and 128GB storage capacities. Please note that storage options may vary by region. The actual available storage capacity is less than the stated value due to the system's occupation of space.
