MagicOS 10.0, based on Android™ 16

CONNECTIVITY

Wi-Fi: Wi-Fi5, 802.11, 2.4GHz & 5GHz
Bluetooth 5.1
Type-C, USB 2.0

1. The data comes from the HONOR Lab. The actual weight and thickness may vary depending on the configurations, manufacturing processes, and measurement methods. The thickness of the tablet does not include the bulging section of the camera.

2. The diagonal length of the screen is 13 inches when measured according to the standard rectangle.

3. TÜV Rheinland Paper Like Display certification is only available for Paperlike Edition in certain region

4. The 1.07 billion colors refers to 10bit color depth (8bit hardware specification, 2bit is software algorithm extension), the number of colors that can be displayed is 1024 × 1024 × 1024, about 1.07 billion kinds. The 1.07 billion colors are only effective when displaying 10-bit content source scenes.

5. Product is manufactured under license from IMAX Corporation. IMAX® is a registered trademark of IMAX Corporation in the United States and/or other countries. For DTS patents, see <http://patents.dts.com>. Manufactured under license from DTS, Inc. or affiliates. DTS and the DTS logo are registered trademarks or trademarks of DTS, Inc. or affiliates. © DTS, Inc. All Rights Reserved.

6. The screen supports a maximum refresh rate of 120 Hz. The refresh rate may vary depending on the application interface and game screen

7. The resolution is measured as a standard rectangle; thus, the effective pixels are slightly less.

8. Supported APPs are still being adapted. User experience may vary slightly depending on individual APPs. Please refer to the actual experience.

9. Qualcomm and Snapdragon are trademarks of Qualcomm Incorporated, registered in the United States and other countries.

10. The actual storage varies with the configuration. The usable memory capacity is less than this value because the tablet software will occupy memory space.

11. The equipped camera may vary depending on the configurations.

12. The data comes from the HONOR Lab. The battery capacity is the typical value. The actual charging power varies intelligently depending on the scenarios. Please refer to the actual experience

HONOR Pad X9 Max

SMART FEATURES

Laptop- level Productivity

- PC- Class File Management System
- One-tap Transfer¹³
- Cross-brand file transfer¹⁴
- AI Memo: AI Speech to Text, AI Smart Reminder, AI Meeting Minutes

13. One-tap transfer function is only available for file transfer between HONOR Devices.

14. Apple devices (macOS 12.0 or later, iOS 15.6 or later) and Windows laptops (Windows 10.0 or later) require downloading and updating the HONOR Connect / HONOR Super Workstation app to the latest version. Among all brands, Android devices are supported only if they belong to brands participating in the interconnection alliance. OTA update to support. Available to Apple devices (macOS 12.0 or later). It is required to download the HONOR Workstation application and need to log in to the same Honor account as the phone, be on the same WLAN, and have Bluetooth enabled, please refer to your actual experience for reference.
